

Manhattan Coin Club
March 2012

President Chuck called the meeting to order. Dave was not present for a treasury report.

Matthew made a report on the website. It is now up at manhattancoinclub.org, but is still a work in progress. There have been a good number of visitors

Chris presented on details of the coin show this Sunday. There were several silver coins donated as raffle prizes. Doyle also offered to sell a Manhattan \$20 bill for \$150 to serve as the number 1 prize. His offer was accepted. Hopefully this will generate a lot of buzz on Sunday.

Chris announced that there were all sorts of advertisements for the show. Matthew also reported that he created an Event on the Facebook page that generated some immediate buzz. The new website also has info on the show as well.

As always, a silent auction was held.

-Matthew (filling in for Ray who was missed tonight!)
